THE GUARANTY OF A GOLD STANDARD WINE

Ribera del Duero includes different municipalities, all bathed by the Duero River, in the provinces of Burgos, Valladolid, Soria and Segovia.

Its altitude and climate produce structured, intensely aromatic wines, with great concentration, style and longevity.

Visual stage.- High depth, where maroon tones dominate in a clean, bright background, reflecting its youth. The abundance of legs in the glass denotes the potency of the alcohol and a very unctuous mouth.

Olfactory stage.- The attack reveals the best of new oak: toasted scents with spicy backgrounds. Fruit aromas that evoke ripe blackberries mixed with raspberries and cranberries.

Tasting stage.- Moderate acidity. A round, well-structured wine over the sweet, velvety tannins characteristic of the Tempranillo varietal. A smooth mid-palate at first, with a long, elegant finish.

Alc. 13,5% Vol.

4 months in american and french oaks

In case of 6 bottles
